OSD Declassification/Release Instructions on File

Mr. Kenneth R. Hansen
Office of Director of Mutual Security
806 Connecticut Avenue
Washington, D. C.

Dear Kenneth:

I call your attention to the paragraph in the letter from Mr. Albert Jolis of Diamond Distributors, Inc., having offices here and in Paris.

This paragraph reads as follows:

"I only learned a couple of days ago of a projected shipment of 1500 tons of copper from Antwerp via Sweden to Poland or East Germany. To the best of my knowledge this one hasn't yet been reported to our people, but I am passing it on to you for what it is worth."

I have told him to send on what further information he gets. This illustrates the importance of setting up a line of communication between these volunteers and myself.

Thank you for your help today.

Sincerely yours,

William J. Donovan
